Subject Include Protection of All Marine Species in the Sanctuary's Mission

Superintendent Malia Chow

Dear Superintendent Chow,

I would like the Hawaiian Islands Humpback Whale National Marine Sanctuary to become a place where people can learn about all of Hawaii's marine mammals and be a sanctuary for all the species that live there.

When making changes to your management plan, I ask that you expand the mission of the Hawaiian Islands Humpback Whale National Marine Sanctuary to include conservation and management of all of the marine wildlife living there, particularly the critically endangered Hawaiian monk seal and the threatened Hawaiian green sea turtle.

Sincerely,
mirna barrera
